Hi Christophe,

As I explained earlier in the following mail:

<https://malgouyres.org/my-problems/piecesINDEPTH/withdrawal-indepth.pdf>

I have to fully withdraw from the project due to ongoing legal issues with my university and the CNRS.

In case you care, you can find an update about these legal issues here:

<https://malgouyres.org/my-problems/tout-le-monde-sait-mais-on-ne-fait-rien/renvoi-hierarchie-inria-cnrs-messagerie-perso.pdf>

I still receive the mail but, I insist, I had to withdraw because of these legal issues and I'm not coming back...

With Kind Regards,

Rémy

Betreff:News from INDEPTH COST-Action

Datum:Sun, 14 Jun 2020 19:08:49 +0200 (CEST)

Von:INDEPTH <indepth@uca.fr>

Dear INDEPTH members,

I would like to let you know that the collective Action initiated by COST-Action Chairs had now moved forward to reach the Executive and administrative boards of the COST-Association. This discussion between the Actions and the Association is led by Laura Morales for the Action chairs. You will find for your information all the mail exchanges in the attached folder.

In the meantime, INDEPTH is also moving forward to organize its next networking events.

- You will learn soon about our new "**INDEPTH Academy**" led by Geraint Parry
- We will share with you a new **motion picture**, a cartoon explaining our research on nuclear domains and available for your outreach activities
- We will turn on the spotlights on our research activity through the publication of **14 great reviews published or being published in JExpBot**
- We will make available our new **OMERO-INDEPTH repository for 3D images** through our INDEPTH website
- and many more...

Keep optimistic in spite of these difficult times, regain strength during the coming months and get prepare for the coming webinars and of course STSM, training schools, workshops that we are going to organize. I wish you all the best for the coming months,
Sincerely,

Pr Christophe TATOUT

Objet: Re: Second letter on COVID-related challenges from the Chairs of COST Actions

Dear Prof. Laura Morales, Dear COST colleagues

I do thank you for bringing this issue to my attention as well as of the Executive Board (EB).

We do greatly appreciate the constructive approach adopted in these letters endorsed by many members of our community, discussing a variety of complex problems and issues that many COST Action participants are facing, as a consequence of COVID-19.

It is clear that we are here to serve the COST community and, as a consequence, we will look at all and each of the issues that you have raised and to the solutions that you have proposed, with the support of the COST administration, and we will be very happy to promote an informed meeting by video-conference, by the end of June, as it is clear that there is urgency in addressing these issues in a effective manner.

We do trust that united we will be able to figure out a set of actions to address these problems and to make COST stronger. I will soon come back to you suggesting a few dates for our meeting,

Yours friendly,

Prof. Paulo Ferrão | President

Dear Dr. Ronald de Bruin, Dear Prof. Ferrão,

Please find enclosed a second letter from various Chairs of COST Actions following up from Dr. De Bruin's letter of 25 May in response to our first letter of 15 May. As we have included in this correspondence, for the first time, the members of the COST Executive Board, we include the latter two letters as documents #1 and #2 for their reference.

We look forward to hearing from you.

With kind regards,

On behalf of the signatories, Laura Morales
